SECTION II

INSTRUCTIONS

Complete only the Elevation Certification unless the building has been floodproofed at least to the base flood elevation. If floodproofing is used, complete only the Floodproofing Certification. The Elevation Certification may be completed by a registered professional engineer, architect, or surveyor. The Floodproofing Certification may only be completed by a registered professional engineer or architect.

ELEVATION CERTIFICATION

I certify that the building at the property location described above has the lowest floor at an elevation of 12 feet, NGVD (mean sea level). The lowest adjacent grade and ground surface elevation adjacent to the structure is at elevation 11.00 feet NGVD (existing Bahia Treatment Plant Control Building)
