

Pedestrian Access to Transit & Crosswalk Improvements: CIP # 18-002
 Topaz Drive (between Misty Rd. and Andale Ct.)

1 TOPAZ DR. @ ANDALE AVE.
 5 PROPOSED CONSTRUCTION 1" = 20'

March 5, 2018: The city has included an enhanced crosswalk on Topaz Dr. (between Misty Rd. and Andale Ct.) as a part of the citywide crosswalk project (CIP # 18-002). The construction contract was just finalized, so there is no project schedule at this time. However, the City anticipates the new crosswalk will be installed this spring/summer. There will be high-visibility crosswalk signs, enhanced striping on the roadway and new curb ramps installed on both sides of Topaz Dr. The location will be mid-block, directly across from the park entrance, which was heavily favored by the residents who attended the Bahia neighborhood meeting in November 2017).
