

DELONG AVENUE & IGNACIO BOULEVARD HIGHWAY INTERCHANGES RESURFACING

PROJECT: DeLong Avenue and Ignacio Boulevard Highway Interchanges Resurfacing (CIP 13-003)

DESCRIPTION: Primary focus of the work is to repave/repair the bridge deck and sidewalk approaches with appropriate conforms to enhance vehicular, pedestrian and bicyclist safety. Additional improvements include upgrading ADA facilities to current guidelines including ramps, pedestrian push buttons and audible pedestrian signals, replacing existing traffic signal detection and installing green colored pavement within marked bicycle lanes at the Ignacio Boulevard US-101 interchange.

LOCATION: Approaches at the DeLong Avenue and Ignacio Boulevard US-101 interchanges. The Ignacio Boulevard repaving will extend to the Alameda Del Prado intersection and along Enfrente Drive to the US-101 SB off-ramp.

BENEFIT: Vehicular, pedestrian and bicyclist traffic safety.

SCHEDULE: Construction work is anticipated to start in summer of 2016, and should last 2 months.

COST: \$983,000; including a \$779,000 Federal Surface Transportation Program—local grant.
