

MEASURE A GROUP 8 PAVEMENT REHABILITATION

PROJECT: Measure A Group 8 Pavement Rehabilitation (CIP 16-001)

DESCRIPTION: Project comprises preventative maintenance work consisting of roadway preparation, rejuvenating scrub seal and micro-surfacing, and replacement of the thermoplastic striping and markings. Replacement of street tree damaged sidewalk and installation of ADA compliant curb ramps are also included in the project scope.

LOCATION: Pavement Rehabilitation [Street List](#) and [Map](#)

BENEFIT: Improved pedestrian facilities through elimination of trip hazards and installation of ADA compliant curb ramps. Longer useful life of streets through cost-efficient and environmentally friendly pavement rehabilitation.

SCHEDULE: The project is scheduled for FY 2016/17, with concrete construction anticipated in summer 2016 and paving construction in 2017.

COST: \$1,400,000.
