

**RETAINING WALL REPLACEMENT: SIMMONS LANE AND SUNSET PARKWAY
CIP 14-007**

PROJECT: RETAINING WALL REPLACEMENT: SIMMONS LANE AND SUNSET PARKWAY CIP 14-007

DESCRIPTION: The Project work consists of partial or complete demolition of a total of two existing wooden retaining walls on Simmons Lane and Sunset Parkway and construction of new soldier pile and timber lagging walls.

LOCATION:

Project Site Designation	Location	Condition
Site #29	Sunset Parkway, west side of roadway, north of San Jose Middle School	Failing retaining wall abutting newer wall to remain.
Site #64	Simmons Lane, fronting 1186 and 1182 Simmons Lane	Failing retaining wall

BENEFIT: This project includes traffic control; water pollution control; minor earthwork; temporary and permanent sediment and erosion control measures; minor drainage improvements; final site stabilization; and will replace retaining walls that require extensive repairs.

SCHEDULE: Project is currently out to bid. Bids are scheduled to be opened on September 26, 2017 and go to the City Council for award on October 10, 2017.

COST: The Engineer's Estimate is \$305,000
